COVID-19 ADVISORIES

**Antigua & Barbuda**

- **Testing:** A negative COVID-19 RT-PCR test result, taken within **7 days** of arrival is required (includes transiting passengers). Children under 12 are not required to present a negative COVID-19 RT-PCR test to enter the country.
- **Quarantine:** Persons travelling from countries within the Travel Bubble will be exempt from quarantine. However, all other arriving passengers will be monitored for COVID-19 for periods of up to fourteen (14) days.
- **Documentation:** All arriving passengers, or the head of a family will need to complete a health declaration form issued on your flight, to be shared with Port Health Authorities.
- **Health Screening:** Completion of a Health Screening Form, temperature check, and additional testing or screening may be required upon arrival or at the hotel or place of lodging as determined by the Health Authorities.
- **Other:** Persons traveling to Antigua and Barbuda from countries within the established Travel Bubble (Grenada, Dominica, St. Lucia, St. Kitts and Nevis, St. Vincent and the Grenadines, Montserrat, Anguilla and British Virgin Islands, together with Barbados) - must have resided there for no less than fourteen (14) consecutive days prior to travel will be exempt from quarantine.
- **Other:** Until further notice Antigua and Barbuda is Not accepting flights or passengers coming out of the Dominican Republic; whether via direct or indirect flights.
- **Other:** For more information on travel to Antigua & Barbuda, please visit [https://covid19.gov.ag](https://covid19.gov.ag) or [https://visitantiguabarbuda.com/travel-advisory/](https://visitantiguabarbuda.com/travel-advisory/)

**Bahamas**

- **Testing:** A negative COVID-19 PCR test result, taken within **5 days** prior to arrival is required. Visitors staying more than 4 nights/5 days will be required to take a rapid antigen test. Children 10 and under are not required to take a test.
- **Quarantine:** A quarantine period is not required at this time.
- **Documentation:** All customers traveling to the Bahamas (including Bahamian residents) are required to apply for an Electronic Health Visa ([https://travel.gov.bs/](https://travel.gov.bs/)) and provide negative results of a COVID PCR test issued within 5 days prior to arrival. Customers must also complete a daily health questionnaire during their stay.
- **Health Screening:** All customers will be subject to health screening. There is no requirement for a COVID test upon arrival unless a person tests positive on a rapid antigen test on day 5.
- **Other:** Customers must enroll in mandatory health insurance coverage when applying for a health visa.
- **Other:** Effective 15-FEB-21, flights or passengers coming out of Haiti shall be prohibited entry into the Bahamas for a period of twenty-one days; whether via direct or indirect flights.
COVID-19 ADVISORIES

Barbados

- **Testing:** Effective 03-FEB-21 All customers entering Barbados are required to present a negative COVID-19 PCR test where samples were obtained within **3 days** prior to arrival and will be subject to a Rapid Antigen test upon arrival. Children under 5 years of age will not be required to have a COVID-19 PCR test unless deemed necessary on arrival.
- **Quarantine:** Customers are required to quarantine for 5 days upon arrival at a Government authorized quarantine facility, after such time a 2nd test will be administered, and a negative result required for release from the quarantine facility.
- **Documentation:** An online Immigration/Customs form ([https://travelform.gov.bb/home](https://travelform.gov.bb/home)) is required before arrival into Barbados; submit 24 hours prior to travel... To expedite the process, download BIMSafe App (Google or Apple store) to complete the online ED form, upload negative COVID-19 PCR test and complete health questionnaire. The App also provides capabilities for location and monitoring of temperature and symptoms during the first 7 days after arrival. The BIMSafe App will be accompanied by monitoring bracelet which should be worn during the quarantine period.
- **Health Screening:** Travelers will be subject to health screening on arrival.

Cuba

- **Testing:** All customers entering Cuba are required to present a negative COVID-19 PCR test taken within **72 hours** of travel.
- **Quarantine:** After testing, Customers will then be required to self-quarantine 24 - 48 hours until a health official provides their test results. If the test results are negative, no further quarantine is required. If PCR test results are positive, Customers will be required to quarantine in a government facility as mandated by the Health Department.
- **Documentation:** Proof of negative test results must be in printed form. Electronic results will not be accepted.
- **Health Screening:** Health screening may be required upon arrival in Cuba.
- **Other:** For more information on travel to Cuba, please visit the [Ministry of Health website](https://www.cacsa.com.cu/en-jardines-del-rey-se-ejecutanacciones-para-garantizar-el-cumplimiento-de-los-protocolos-establecidos/#!.YAjbSDmSnb0) or the [Government Airport Authorities website](https://www.cacsa.com.cu/en-jardines-del-rey-se-ejecutanacciones-para-garantizar-el-cumplimiento-de-los-protocolos-establecidos/#!.YAjbSDmSnb0).
COVID-19 ADVISORIES

Dominica

- **Testing:** All customers entering Dominica are required to present a negative COVID-19 PCR test where samples were obtained within **24-72 hours** prior to arrival. Children under 5 years of age will not be required to have a COVID-19 PCR test unless deemed necessary on arrival.
- **Quarantine:** Persons coming from a high-risk country must quarantine at a Government operated quarantine facility or Managed Experience at a safe in Nature certified property.
- **Documentation:** All customers traveling to Dominica are required to apply for Notification of Health Clearance ([https://domcovid19.dominica.gov.dm/](https://domcovid19.dominica.gov.dm/)) at least 24 hours prior to arrival. Notification of Clearance and Negative PCR test results must be presented to airline prior to boarding.
- **Health Screening:** All customers will be subject to health screening and a Rapid antigen testing on arrival.
- **Other:** For more information on travel to Dominica, please visit [https://discoverdominica.com/travel-advisory-from-dominica](https://discoverdominica.com/travel-advisory-from-dominica)

Dominican Republic

- **Testing:** COVID testing is no longer required prior to departure. However, random testing may happen upon arrival. Between 3 and 15% of passengers and those presenting symptoms will be subjected to an aleatory breath test, passengers under the age of 5 are exempted from this procedure.
- **Quarantine:** A positive test result or passengers who present with symptoms will be isolated and attended to at authorized locations.
- **Documentation:** All arriving and departing travellers are required to complete an online digital form (Electronic Ticket) which replaces all paper based forms - [https://eticket.migracion.gob.do/](https://eticket.migracion.gob.do/)
- **Health Screening:** All customers traveling to the Dominican Republic will be subject to health screening, including temperature checks and may include COVID PCR test, upon arrival.
- **Other:** For more information on travel to the Dominican Republic, please visit [https://www.godominicanrepublic.com/newsroom/coronavirus/#faq](https://www.godominicanrepublic.com/newsroom/coronavirus/#faq)
Grenada

- **Testing:** All customers entering Grenada are required to present a negative COVID-19 PCR test taken within **72 hours** of travel. Children under 5 years are exempt from taking any COVID-19 tests. All arriving travellers are required to pay a one-time US$150.00 Corona virus test fee, which will cover their day 5 test, or any test taken while on island.
- **Quarantine:** Duration of quarantine is 14days. Travellers must have a minimum 7-day reservation at one of the Pure Safe Travel Accomodations ([https://www.puregrenada.com/travel-advisory/](https://www.puregrenada.com/travel-advisory/)) to allow for observation and quarantine. All travellers will undergo a Covid-19 PCR test on day 5. After release from an approved accommodation, all travellers will quarantine at their home or residence for the remaining 7 days. Persons may apply for home quarantine at least 7 days prior to travel via the Pure Safe Travel Portal.
- **Documentation:** Customers traveling to Grenada must complete the online pre-travel information (including acceptance of the Waiver of Liability Agreement), upload relevant documents, and have a printed copy to present upon arrival. All travel documentation can be found at: [https://covid19.gov.gd/](https://covid19.gov.gd/).
- **Health Screening:** All travellers will undergo health screening on arrival (symptoms review, temperature checks, and testing if deemed necessary)
- **Other:** Direct commercial flights from the United Kingdom are not allowed, however UK customers transiting via St. Lucia and Barbados on the same day will be allowed entry.

Haiti

- **Testing:** Effective February 9, 2021, customers 5 years and older, must provide a negative COVID-19 PCR or antigen test result taken within **72 hours** prior to departure. If the customer has had a positive test result in the past, they must also have a doctor's note indicating they have recovered and are cleared to travel.
- **Quarantine:** Home quarantine is required for all customers.
- **Documentation:** Customers must complete the COVID-19 risk assessment form prepared by the Department of Epidemiology, Laboratories and Research (MSPP / DELR) which will be provided by the airline managers when they register.
- **Health Screening:** Customers may be required to do a health screening upon arrival.
- **Other:** Additionally, customers must:
  - Provide truthful information.
  - Undertake to respect the instructions of the MSPP during the trip and for the entire duration of the stay on Haitian soil.
  - Be accessible and agree to provide information on their state of health during the 14 days of home quarantine.
COVID-19 ADVISORIES

Jamaica

- **Testing:** Effective 04-Mar-21, All travelers (12 years of age and over) regardless of nationality will be required to present a negative COVID-19 PCR test or an Antigen Test. The date of the sample collection must be within 3 days of the travel date to Jamaica. Tests must be done by a medical laboratory that has a Clinical Laboratory Improvement Amendments (CLIA) registration, an ISO 15189 certification.
- **Quarantine:** All customers must stay at their hotel, resort or residence until they receive their COVID test results. Tourists must remain in the resort tourism corridor during their stay. Travelers are also required to sign a Quarantine Order (usually 14 days). For more information, visit the Jamaica Ministry of Health and Wellness (https://www.moh.gov.jm/).
- **Documentation:** Customers traveling to Jamaica are required to complete and submit a travel Authorization form (https://travelauth.visitjamaica.com/) within 5 days of departure to confirm permission to travel to Jamaica and must provide the travel approval prior to boarding. Travelers may be required to download the JAMCOVID19 App for monitoring by the health department. Travelers would need to check in daily on the app.
- **Health Screening:** Travelers will be subject to health screening and risk assessment, including testing for COVID-19, upon arrival.
- **Other:** For more information on travel to Jamaica, please visit https://www.visitjamaica.com/travelauthorization/.

Puerto Rico

- **Testing:** All travellers MUST provide a negative molecular COVID-19 test taken within 72 hours prior to arrival. Only symptomatic travellers will get tested at the airport and will be required to quarantine until a negative result is submitted.
- **Quarantine:** Passengers who fail to provide a negative molecular test result are required to quarantine for 14-days or until a negative test is submitted.
- **Documentation:** All arriving passengers must complete the Puerto Rico Department of Health travel declaration form and upload the negative COVID-19 test result http://www.travelsafe.pr.gov/ or www.viajaseguro.pr.gov. This will generate a QR Code that must be presented at the airport.
- **Health Screening:** Thermal cameras will be used to check body temperatures.
- **Other:** For more information on travel to Puerto Rico, please visit https://english.sjuinsider.com/passenger-guidelines and https://www.discoverpuertorico.com/promise#component-10341.
St. Lucia

- **Testing:** All arrivals (5 years and older) to St. Lucia must have a negative COVID-19 PCR test result, taken no more than **5 days** before arrival.
- **Quarantine:** Travelers who have not arrived in Saint Lucia as Bubble Travelers are required to remain at their hotel, resort, or residence during the first 14 days of their stay. Tourism is restricted to COVID-certified hotels and resorts with a confirmed reservation. If the customer tests positive for COVID-19, the customer will be transferred to the Respiratory Hospital for treatment and care at their cost.
- **Documentation:** Travelers must complete a Travel Registration Form (https://www.stlucia.org/en/covid-19/travel-registration-form/) prior to departure and may be asked to upload COVID PCR negative test results in the form. Travelers should also be prepared to show test results upon arrival.
- **Health Screening:** Travelers will be subject to health screening upon arrival.
- **Other:** St. Lucia nationals must also complete the Travel Registration Form and will be subject to a 14-day quarantine upon arrival. Visitors who, immediately before arriving in St. Lucia, were in a Bubble Country (Antigua and Barbuda, Anguilla, Dominica, Grenada, Montserrat, St. Kitts and Nevis or St. Vincent and the Grenadines) for at least 21 days are considered Bubble Travelers and will be exempt from quarantine.

Other: For more information on travel to St. Lucia, please visit https://www.stlucia.org/en/covid-19/
